

STREAM TABLE

60-300i-180

DESCRIPTION

The water table consists of five (5) components. The central structure is capable of rotating 360° and can supply two water tracks simultaneously. The Aquayoung will enjoy interacting with the various elements of the table and observing the flow of water. This structure fosters the development of their social skills, cooperation, and motor skills. It can be installed at an angle of 180 degrees or 90 degrees.
